[Avokiddo](#), developer of standout educational apps for young children is proud to announce that Thinkrolls 2, their popular physics puzzler that develops critical thinking skills in kids aged 3-9, has won the 2016 Google Play Award for Best Families App.

On May 19th, Google hosted the first-ever Google Play Awards at the Google I/O 2016 in Mountain View, CA, to recognize the most innovative and outstanding achievements in apps and games over the last 12 months. Among the five nominees for the Best Families App category were some of the world's biggest names in the industry like Lego and Toca Boca.

“We are extremely honored that Thinkrolls 2 was selected by the Google Play panel of experts as the Best Families App of the year!” says Dionisis Voulgaris, co-founder of

Avokiddo. “Thinkrolls 2 was designed around our belief that children have unlimited potential and are capable of achieving great things if they are creatively motivated and challenged. We are thrilled that the Google Play experts have recognized our app’s innovation and educational value.”

Thinkrolls 2 is an addictive platformer game for kids 3-9 years old. Little players must use all their wits to navigate 32 hilarious characters through 270 levels of increasingly complex mazes. With striking visuals and engaging gameplay, the app stands out as a creative platform for kids to explore various physics concepts while developing important life skills such as logic, problem solving, concentration, patience, persistence, strategizing and creative thinking.

Thinkrolls 2 excels in providing just the right amount of increasing challenge to help kids of all ages stay focused and feel rewarded throughout the game. Divided in 16 chapters across 2 difficulty modes, Thinkrolls 2 is the only kids logic app to appeal to such a wide age range. Each chapter introduces a new object with unique physical properties which kids discover through hands- on manipulation. Players encounter and use to their advantage gravity, buoyancy, levitation, electricity and even quantum physics to get their Thinkrolls at the end of the maze.
